Sumner-Fredericksburg Community School District, Iowa

As of the 1/1/2024 valuation, IF YOU ARE 65 YEARS OR OLDER you are entitled to an additional reduction in your residential property value prior to the tax levy being applied. This is the "Homestead Exemption" which is slightly different than the "Homestead Credit". You must notify your County Assessor/Auditor's office that you are at least 65 years of age. What is reflected in this worksheet is the \$4,850 credit available to ALL lowans for their primary residence. If you are 65 older you could add to the \$4,850 the additional credit of \$6,500 for a total reduction of \$11,350. Additionally, if you are a military veteran honorably separated from service and claim the credit you can also have an additional \$4,000 in valation removed before property taxes are calculated. There are or could be OTHER exemptions or credits for you may be eligible for that could further reduce the valuation of your property before your property tax liability is calculated.

\* Any suggested tax increase (a) is only an estimate, and (b) does not include any change upward or downward in tax rates that your City, County and Community College may cause to their budgets in any given fiscal year. xoraaA Change Approx Change in in Tax 1/1/2024 Taxable Est. - Assessed Value IS NOT THE SAME THING AS "Real Estate Market Value"... Assessed Value is determined by County Assessor while the sellable Market Value of your property is determined by the open real estate marketplace. Real Estate Market Value plays no role in determining taxable value or property tax dollars owed. ONLY the Assessed Value should be used to calculate property tax impacts. Ag land & buildings are not assessed at market value. Residental & Commercial Assessed Values may not reflect the current market value.

0 =

\$1,857 x

- ¹ Homestead Credit may vary from County to County in certain years. Your tax bill likely does not show the \$4,850 amount, but instead reflects the dollar value of the tax credit calculated on that amount vs. your total consolidated tax levy rate for your properties location
- Farm Buildings Are Assessed with the Agriculture Property ROLLBACK

73.8575%

- Ag Property will pay the school levy, but will pay a different CITY levy than Residential Property if the land is within City limits.
- Within CITY limits Ag Property pays the Ag Levy (likely near the maximum rate of \$3.00375) and NOT the City Levy....but, does still pay all school levies, including PPEL and Debt Service. The farm home pays the entire levy just as any other

home within City limits, except the City levy is replaced with the County levy.
